

DIY Monogrammed Doormat

Materials:

Painters tape (2", 1", $\frac{3}{4}$ ")

Scissors

Natural fiber doormat

Acrylic art paint

Sponge to dab paint

Drop cloth or similar to protect work surface

Directions:

- 1) Using the tape and scissors, make a border around your mat. Then, create your monogram and arrow. I used 1" tape for the border, 2" tape for the letter, 1" tape for the arrow, and $\frac{3}{4}$ " tape for the feathers on the arrow.
- 2) Next get out your paint and sponge. Dip sponge in paint and scrape off excess. Then go to work dabbing the paint onto the mat and over the tape until the mat is evenly covered.
- 3) Depending on your patience levels, let dry & then peel tape. Or vice versa.
