

# Honey Citrus Body Wash

## ***Materials:***

Plastic dispenser  
1 cup liquid castile soap (unscented or citrus)  
¼ cup raw honey  
2 tbsp fractionated coconut oil  
1 tbsp vitamin E oil  
Orange essential oil (10-15 drops, or to preference)

## ***Directions:***

- 1) Start with a clean, non-breakable, plastic pump dispenser.
- 2) Remove the lid/pump and measure all of your ingredients directly into your dispenser. You may find it helpful to use a funnel.
- 3) Screw the lid/pump back onto your dispenser and gently shake to combine ingredients.
- 4) Your honey citrus body wash is now ready to use. Because all of the ingredients are shelf-stable, the body wash will last several months and does not need to be refrigerated.
